The Cubbie

The Cubbie Sensory Hub offers a sensory solution for people with autism, ADHD and other sensory processing disorders (SPD) and anxiety.

The Cubbie delivers a sensory programme specific to a person's unique sensory needs, helping them regulate and better participate in school, work and play activities. The Cubbie is easy to use, allowing each user to adjust LED lighting, sounds and visual effects to match their needs.

In 2020 Cubbie won a Microsoft for Startups sponsored Diversity in Tech Disability Inclusion Award.

"Our child is much calmer and happier. He really enjoys the Cubbie and talks about it each evening at home. I'd highly recommend it to any school or parent."

PARENT'S FEEDBACK

Inclusiveness

The Cubbie provides access to a safe space for people of all ages, with Autism. It promotes social inclusion and mental health

The Cubbie can also be a safe space for all seeking a calming environment in which to relax and refocus. It is also perfect for meditation, mindfulness and wellbeing

www.kerrylibrary.ie

The Cubbie provides a person-centred approach to each individual's needs and sensory experiences

EASY CLEANING

The Cubbie was designed with collaboration from the hygiene team from the Children's University Hospital at Temple Street to meet the most rigorous hygiene standards. There is a hand sanitizer station at the entrance to the Cubbie

ACCESSIBILITY

The Cubbie is wheelchair accessible and is designed to the the Irish Wheelchair Association specification. It can be accessed by all, regardless of their age, size or ability
